PROFESSIONAL SUMMARY

Frontend-focused Software Engineer with 4 years of experience building responsive web applications with Angular, React, and modern JavaScript/TypeScript. Computer Science Engineer with a solid foundation in software development, version control, and collaborative teamwork. Based in Illinois and available for remote roles across the United States.

WORK EXPERIENCE

Frontend Developer

Universidad de las Ciencias Informáticas (UCI) — Havana, Cuba | 2020 – 2024

- Developed and maintained responsive web applications using Angular, TypeScript, HTML, CSS/SCSS, and JavaScript.
- Translated UI/UX designs into functional web pages, ensuring consistent rendering across browsers and devices.
- Collaborated with developers and designers to deliver efficient, maintainable solutions in a team environment.
- Managed source code with Git and GitHub, following structured branching and code review practices.

Production Associate

Manufacturing — Effingham, IL | 2024 – 2026

- Worked in a fast-paced production environment; met daily output targets with strong attention to detail and safety.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML, CSS/SCSS, Python, Java

Frameworks & Libraries: Angular, React, Vue.js, Bootstrap, Tailwind CSS

Tools & Platforms: Git, GitHub, REST APIs, npm
